

PROPHETIC WORD

April 2024

by Prophetess Monica Ollivierre

On March 28, 2024 at 3:39am, as I was seeking the Lord about what would be occurring in April and what Hope Aglow should be doing in that month, He dropped “shift” into my spirit. God continued with the following:

“A marked shift will take place in the world in the month of April. Not only does Hope Aglow need to be prepared physically with supplies, you need to be prepared spiritually. You need to be working on building a strong relationship with Me so that you do not waiver between two opinions. You need extra oil in your lamps like the five wise virgins. I come quickly and you need to be prepared. My timing is not your timing but you need to get prepared and stay prepared. Remain vigilant in preparedness.

Dark times are ahead for the world but My light will shine on Hope Aglow and in your circumstances. While it is dark in the world, when you follow My instructions you will see breakthrough and acceleration.

A shift is coming. I need you to shift into the higher gears of the spirit to be able to stand and withstand the enemy. That means more fasting, more prayer, more reading of My Word and anything else I have told you to do. Don't let those things slip. They will be crucial to help you and to protect you in the days ahead.

A SHIFT AND A TURN ARE COMING IN THE MONTH OF APRIL. GET READY FOR THEM.”
