

PROPHETIC WORD

May 2025

by Prophetess Monica Ollivierre

On April 9, 2025 at 7:28am as I was seeking God for what He had in store for Hope Aglow in the month of May, He dropped “dominate” in my spirit. Afterwards, God continued with the following:

“In the month of May, dominate. There will be much spiritual warfare in May but I need you Hope Aglow to dominate the enemy. I need you to have a strong response to him.

There are areas that you have allowed the enemy into. I need you to take an inventory of your life. Let Me reveal to you the areas the enemy has gained access into. I will show you how to get him out.

In the new areas that the enemy tries to get into on the month of May, I need your mindset to be to dominate. Don't give the enemy an inch. Be relentless with your opposition to the enemy.

There is much spiritual violence that the enemy will try to bring against HAEC corporately and individually in May but be of good cheer. I have already overcome the enemy for you. I need you to stand in May. Stand strong in the armor and weapons of warfare I have given unto you. Use them to dominate the enemy. Bring strong spiritual force against the enemy so that you can walk in the Kingdom Life that I already said is yours.

Every day in the month of May, you will need to dominate the enemy. Have a strong spiritual response to him. Be proactive in knowing My Word, praying, releasing declarations over your life, etc. If you ask Me, I will teach your hands to war and your fingers to fight so that you dominate the enemy in every area of your life.

May is not the month to let down your guard Hope Aglow against the enemy. May is the month for you to increase in strength in Me and to be alert and vigilant. Do not be passive in this month. Be spiritually aggressive against the enemy. Teach your children as well. If the enemy is unsuccessful with you, he will come after your children and family.

This a war time like Nehemiah. You need to fight the good fight of faith for Hope Aglow corporately and your family. You need building tools in one hand and spiritual weapons in the other hand. Don't worry. I am with you.

You are more than conquerors and I will always lead you to triumph. I just need you to stand, fight the good fight of faith and dominate in May. By doing so, you are clearing the land for Me to build on later in the year. Dominate in May. Leave no room for the enemy.”
