

# PROPHETIC WORD

## November 2023

by Prophetess Monica Ollivierre

As I was seeking God on October 28, 2023 at 7:44am about the month of November for Hope Aglow, He dropped the word "prepare" into my spirit.

*He continued and said "November is the month to begin to prepare for next year. Begin to seek My face in November for the plans that I have for you, your family and Hope Aglow in 2024. Don't wait for closer to the new year to prepare. Prepare now.*

*There are things that I want to release to you now to set you up and to get you ready for 2024. Don't wait until the last minute to prepare for the new year. There are new businesses, new ideas, new things I want to release to you this year for next year. I want you to be running with the vision that I give you this year when the new year gets here.*

*Seek Me now. I'm ready to release vision for the new year now. Come unto Me for next year. Seek Me for next year for you, your family and for Hope Aglow. I have much to say this year about next year. I want to release this to you ahead of the new year so that you can walk in fully being the head and not the tail in 2024. I want to give you advance information and intelligence about next year to help you in 2024.*

*Seek Me now in the month of November so that I can help you prepare for 2024. Don't wait seek Me now. I want you to be like the five wise virgins and not the five foolish virgins. The five wise virgins were prepared with extra. I'm ready to prepare you with extra for 2024 so that you can soar above the circumstances that will occur in the new year.*

*Seek Me for 2024 regarding:*

*(1) what you should be doing, (2) what you shouldn't be doing, and (3) what will be going on in the world.*

*I know it all and desire to reveal it unto you to help you be prepared and to be a blessing to you and your families and to Hope Aglow.*

*Will you accept My invitation to come unto Me? I will show you great and mighty things. Just come. Seek My face and I will reveal 2024 to you.*
