

# PROPHETIC WORD

## February 2024

by Prophetess Monica Ollivierre

On January 30, 2024 as I sought the Lord about what He had for February for Hope Aglow, at 3:55am, God dropped into my spirit the word "Increase". He continued with the following:

*"Increase your storehouse. Famine like times for America are coming but just like Joseph seek Me for the plan to prepare. Don't go around as if living like normal. Prepare. Increase is coming but inside of it famine like conditions. This Scripture shows you your portion.*

***In times of disaster they will not wither; in days of famine they will enjoy plenty. Psalms 37:19 NIV***

*It is very key for you to seek Me for the plan for your household and for you to take action on that plan. Yes, you will accelerate this year but dark times will be coming to the United States of America. Prepare.*

*Prepare in February to get ahead of it and remain prepared. If you do this, the famine, the lean times, will not catch you off guard. You need to prepare. Hard times are coming so prepare. You will need all of the preparation in your storehouse for those times.*

*It is no time to panic. You can rest in Me. I will take care of you. I just need you to prepare and keep preparing so that when your neighbors are in need you will be able to share with them.*

*Seek Me for your household plan. Go back to the plan you made a few years ago. It was the Hope Aglow Household Plan that was provided to you. Dust it off as a start. Seek Me to add to it. The time is now to prepare.*

*Remember that Scripture **Psalms 37:19 (NIV)**. You will increase in the time of famine. You just need to plan. Be at peace because I am revealing to you what is to come. Be at peace and prepare.*

*There is an urgency for you to do that for you and your household. Prepare. You need to prepare physically and spiritually for what is coming. If you have a weak prayer life, work on it. If you know little Word, get into My Word. I will help you.*

*The times ahead are not for a weak prayer life and low level of Word. Cultivate relationships with your brothers and sisters in Christ. You will need one another to encourage and sharpen one another during these times ahead.*

*Remember I am with you always and I will help you through this. I just need you to prepare. Share this with your extended family so they can prepare. This is not the time to delay. Supplies will start to get short again. I'm letting you know ahead of time so that you have advance knowledge. Take advantage of it today."*
